## Remise am Ellenbogen

### A charming rustic building „Remise am Ellenbogen“ (Apartment house)

In the heart of the Münsterland village of Wetrtingen, close to the borders of the Grafschaft Bentheim region and the Netherlands, stands a building that everyone falls in love with on sight.

The “Remise”, built in traditional Westphalian-style and originally intended to house carriages and other horse-drawn vehicles, seized the imagination of interior designer and passionate carriage driver **Heinrich Kemper** and inspired him and his family to think of new ways of living. The result is this opportunity to live in a traditional rustic building.

The charming “Remise” contains altogether five dwelling units where cyclists, short-break vacationers and anyone wishing to live for a while in exclusive country style will feel very much at home.

The apartments are also intended to provide **inspiration** for people who are as yet undecided on how to style their own four walls at home. Each apartment has its own individual flair. So come and be inspired by the different living experiences.

### Fittings and equipment

- » The floors of all the large apartments (35 m<sup>2</sup>) are completely level.
- » Single or double beds can be booked as desired.
- » Each dwelling unit offers room for two to at most four persons.
- » Four apartments are provided with a fully equipped kitchen.
- » Space for parking bicycles and cars is available directly outside each apartment.
- » Each apartment also has its own outdoor seating area, protected by the typical overhanging eaves of the building.

## Experience living in the Remise

**1**  
“Nordic-Scandinavian“

Behind the aquamarine entrance door of the first apartment, you will experience Nordic freshness and clarity, expressing the charm of the Scandinavian countries.

**2**  
“Mediterranean“

Behind the mustard-coloured entrance door, the visitor enters a sauna and feel-good area. The apartment is presented in the colours of nature, bringing the summer alive and warming the soul in winter.

**3**  
“Classical elegance“

Behind the dark green entrance door, you will be surprised by the liveable atmosphere, whose classical timeless elegance appeals to young and old alike.

**4**  
“Modern puristic style“

In the modern, puristically styled apartment, nothing distracts the eye from the essentials. Black & white elements, combined with warmth-giving accentuation colours, allow space to breathe and slow down.

**5**  
“Rustic and romantic“

Whether in the mountains or in the country, a dark red door - away from the city bustle - opens to reveal rustic romanticism in all its glory.
